

## How to face interview |INTERVIEW Questions for Govt Jobs

Let me tell you how one should face interview these competitive days >>

1.Never enter the interview room with pre conceive ideas /prepared questions may help but not always

**2 QUESTION FROM YOUR Biodata** are must , for example name of your institution your school/college/Hobby/your opinion about present day/current societal problems [ this question is generally asked from high level interviews [ graduate level competitive govt job exams]

3. **Do not try to guess too many questions** ,be straight forward and Honest , if you do not know answer of the question ,say Sorry, If you are not able to listen the question properly , ask the interviewer to repeat politely saying Pardon me sir I could not get your point/understand please repeat the question something like [If you are speaking in Hindi do not mix English language words very often , In **ITI Level /10th/12th pass Govt Job Exam interview** , Interviewing Board just want to check whether you have common sense /mentally fit to deal with little ticklish life situations etc.

Not but the least do not expect questions of technical nature from your subject [ITI Stream here] ,Questions are of general Nature as I have pointed out above , these are about your Alma mater /Early schooling/District/State's culture/Hobbies/CURRENT VERY IMPORTANT ISSUE FACING THE SOCIETY/NATION etc/your background LIKE FROM WHICH VILLAGE /TOWN you belong for example if you are from Kurukshetra then Historical question or Religious question about Kurukshetra are bound to be Asked like when and why was Mahabharata war was fought **Do Mahabharata a Myth or Realty.**

Let us take one more simple example : Interview Board ask about latest development in your state in Political or Social sphere .Like what is your Opinion **On Godman Culture** in the light of recent developments in the country . This man can be very tricky ,if you are not in tune with such high profile and Conflicting questions .Never Bluff here , if wanted to enter in to discussion on this question , your point of view should highly subjective and unbiased toward any side, Do not be diplomat at the same time , be genuine and down to earth , that always appeal any body , do not boast of your abilities like Medals, co -curricular certificates/participation etc be humble >> continued

Another example>> **Do Muslims should celebrate Diwali ?** Here We will discuss tomorrow or day after tomorrow Till then stay Healthy Good Luck
